Ethical Choices An Introduction To Moral

Ethical Choices-Richard Burnor 2017 Ideal for students with little or no background in philosophy, Ethical Choices: An Introduction to Moral Philosophy with Cases, Second Edition, provides a concise, balanced, and highly accessible introduction to ethics. Featuring an especially lucid and engaging writing style, the text surveys a wide range of ethical theories and perspectives including consequentialist ethics, deontological ethics, natural and virtue ethics, the ethics of care, and ethics and religion. Each chapter includes compelling case studies that are carefully matched with the theoretical material. Many of these cases address issues that students can relate directly to their own lives: the drinking age, student credit card debt, zero tolerance policies, grade inflation, and video games. Other cases discuss current topics like living wills, obesity, human trafficking, torture “lite,” universal health care, and just-war theory. The cases provide students with practice in addressing real-life moral choices, as well as opportunities to evaluate the usefulness and applicability of each ethical theory. Every case study concludes with a set of “Thought Questions” to guide students as they reflect upon the issues raised by that case.

Ethical Choices-Richard Burnor 2012-05-10 Ideal for students with little or no background in philosophy, Ethical Choices: An Introduction to Moral Philosophy with Cases provides a concise, balanced, and highly accessible introduction to ethics. Featuring an especially lucid and engaging writing style, the text surveys a wide range of ethical theories and perspectives including consequentialist ethics, deontological ethics, natural and virtue ethics, the ethics of care, and ethics and religion. Each chapter also includes compelling case studies that are carefully matched with the theoretical material.

Ethical Choices-Richard Burnor 2017

Moral Choices-Scott Rae 2009-12-15 With its unique union of theory and application and its well-organized, easy-to-use design, Moral Choices has earned its place as the standard text for college ethics courses. This third edition offers extensive updates, revisions, and brand new material, all designed to help students develop a sound and current basis for making ethical decisions in today’s complex postmodern culture. Moral Choices outlines the distinctive elements of Christian ethics while avoiding undue dogmatism. The book also introduces other ethical systems and their key proponents, including Plato, Aristotle, Augustine, Aquinas, and Kant. After describing a seven-step procedure for tackling ethical dilemmas, author Scott Rae uses case studies to help students think critically and biblically about ? Abortion ? Reproductive Technologies ? Euthanasia ? Capital Punishment ? Sexual Ethics ? The Morality of War ? Genetic Technologies and Human Cloning ? NEW: Ethics and Economics New features include online resources for instructors; a chapter covering global capitalism, environmental ethics, and business ethics; new material on bioethics and on stem cell and embryo research; discussion questions at the end of each chapter; and sidebars with case studies.

Moral Choices-Scott Rae 2018-10-16 With its unique union of theory and application and its well-organized, easy-to-use design, Moral Choices has earned its place as the standard text for college ethics courses. This fourth edition offers extensive updates, revisions, and three brand new chapters all designed to help students develop a sound and current basis for making ethical decisions in today's complex postmodern culture. Moral Choices outlines the distinctive elements of Christian ethics while avoiding undue dogmatism. The book also introduces other ethical systems and their key historical proponents, including Plato, Aristotle, Augustine, Thomas Aquinas, and Immanuel Kant. After describing a seven-step procedure for tackling ethical dilemmas, author Scott Rae uses case studies to address some of today's most pressing social issues. He guides students in thinking critically and biblically about issues, including: Abortion Reproductive Technologies Euthanasia Capital Punishment Sexual Ethics The Morality of War Genetic Technologies and Human Cloning Ethics and Economics NEW: Creation Care NEW: Animal Rights NEW: Gun-Control NEW: Race, Gender, and Diversity NEW: Immigration, Refugees, and Border Control FEATURES Relevant Case Studies throughout Discussion questions at the end of each chapter Sidebars with case studies for discussion Recommended further reading

Introducing Christian Ethics-Scott Rae 2016-08-16 Introducing Christian Ethics helps Christians form a sound basis for making ethical decisions in today’s complex postmodern world. Raising 14 key ethical questions on today’s most pressing issues including abortion, war, sexual ethics, capital punishment, and more, Scott Rae guides his readers in making moral choices wisely. Based on the best-selling college and seminary ethics textbook Moral Choices, this book distills nearly two decades of teaching and study into a succinct and user-friendly volume. It is an ideal primer for pastors, students, and everyday Christians who desire engagement with the world around them in an intelligent and informed manner. Teaching and study resources for the book, including additional video clips based on the questions corresponding to each chapter, make it ideal for use in the classroom as well as for pastors and for teaching settings within the church. Resources are available through www.ZondervanAcademic.com.

Ethical Choices-Richard Burnor 2021 "Ideal for students with little or no background in philosophy, Ethical Choices: An Introduction to Moral Philosophy with Cases provides a concise, balanced, and highly accessible introduction to ethics. Featuring an especially lucid and engaging writing style, the text surveys a wide range of ethical theories and perspectives including consequentialist ethics, deontological ethics, natural and virtue ethics, the ethics of care, and ethics and religion"--
An Introduction to Ethics—John Deigh 2010-03-04 This book examines the central questions of ethics through a study of the great ethical works of Western philosophy.

Ethical Decision Making: Introduction to Cases and Concepts in Ethics—Lisa Newton 2014-07-08 This short introduction to the discipline of Ethics in its practical and professional applications teaches, in simplest form, the discipline's vocabulary and forms of reasoning. It includes illustrative cases, clear explanations of philosophical terminology, and presents decision procedures appropriate to a hierarchy of cases. It is meant to be a foundation for elementary work in Ethics.

Moral Choices Video Lectures—Scott Rae 2016-11-22 Moral Choices Video Lectures—a companion to the bestselling ethics textbook Moral Choices by Scott Rae—features 12 lessons, each corresponding to a chapter in the textbook. The lectures provide students with an introduction to Christian ethics and equip them to form a basis for practical, ethical decision-making in contemporary culture.

Ethical Choices in Research—Harris M. Cooper 2016 Many books discuss the ethical treatment of human subjects in behavioral research, yet few talk about the equally important ethical issues that arise when the data are being analyzed and the study is being written up. All researchers need to be aware of their professional responsibilities and make sound choices after the subjects have left. This practical and easy-to-follow guide walks readers through often overlooked decision points in the research process. Drawing from his extensive experience as a teacher of research methods and a senior editorial advisor, and from well-established standards of practice—including the APA Ethics Code—Harris Cooper is the ideal mentor in this process. Readers of this book will learn how to: Collect and manage data in a way that does not compromise the confidentiality of subjects Avoid data fraud and misleading data analysis Assign research responsibilities and authorships to team members Avoid committing plagiarism and intellectual theft Navigate the journal submission and publication process Post-publication ethical considerations are also addressed, including researchers' obligations when communicating their findings to the media and the general public, and when engaging with the scientific community as a peer reviewer.

How Good People Make Tough Choices Rev Ed—Rushworth M. Kidder 2009-11-24 Should you take a much-needed vacation or save money for the kids' education? Protect the endangered owl or maintain jobs for loggers? Have a heart-to-heart with a lying employee or fire him on the spot? All of us face ethical choices. Sometimes they're easy: One side is wrong and the other is right. But how do we handle the really tough "right vs. right" dilemmas, where each side has strong moral arguments and we can't do both? This book helps us build Ethical Fitness—a values-based decision-making process so definitive that it's now a registered trade mark. Rushworth M. Kidder, founder of the Institute for Global Ethics, teaches us how to think for ourselves in order to resolve ethical dilemmas ranging from the intimately personal to the broadly philosophical. Unique in its approach and rich with illustrative anecdotes—updated with examples of real-world conflicts from today's political realm and from Dr. Kidder's own observations—How Good People Make Tough Choices is an indispensable resource for spotting, understanding, and resolving our toughest decisions.

Making Moral Choices—Mark C. Miller 1995 A summary of how and why people make moral choices, this book offers ethical theory (because good theories offer a framework for making decisions) complemented by personal experience.

Practical Ethics for Effective Treatment of Autism Spectrum Disorder—Matthew T. Brodhead 2018-07-31 Practical Ethics for Effective Treatment of Autism Spectrum Disorder is for behavior analysts working directly with, or supervising those who work with, individuals with autism. The book addresses important topics such as the principles and values that underlie the Behavior Analyst Certification Board’s ® Professional and Ethical Compliance Code for Behavior Analysts, and factors that affect ethical decision-making. In addition, the book addresses critical and under-discussed topics of: scope of competence; evidence-based practice in behavior analysis; how to collaborate with professionals within and outside one’s discipline; and how to design systems of ethical supervision and training customized to unique treatment settings. Across many of the topics, the authors also discuss errors students and professionals may make during analyses of ethical dilemmas and misapplications of ethical codes within their practice. Reviews core ethical principles Discusses factors that affect ethical decision-making Describes how to create systems for teaching and maintaining ethical behavior Discusses how to identify your own scope of competence in autism treatment Describes the process of evidence-based practice and how it can be applied to behavior-analytic treatment for autism Discusses the importance of interdisciplinary collaboration and how to be a good collaborator Reviews common mistakes students and supervisors make when analyzing ethical dilemmas, along with common misapplications of ethical codes

Christian Ethics—Norman L. Geisler 2010-01-01 This update of a classic text evaluates contemporary ethical options and pressing issues of the day from a biblical perspective.

An Introduction to Moral Philosophy—Wolff, Jonathan 2020-09-01 From respected philosopher and writer Jonathan Wolff, this brief introduction to ethics stimulates independent thought, emphasizes real-world examples, and provides clear and engaging introductions to key moral theories and the thinkers behind them. The new Second Edition offers expanded coverage of moral reasoning, as well as two thoughtful and contemporary new chapters on applying moral philosophy and the ethics of race. A companion primary source collection, Readings in Moral Philosophy, amplifies issues discussed in the text, connecting them to problems in applied ethics.
Ethical Dimensions in the Health Professions - E-Book

Ruth B. Purtlio 2013-12-27

Ideal for all health care professionals, Ethical Dimensions in the Health Professions, 5th Edition provides a solid foundation in basic ethical theory, the terms and concepts of ethics, and current ethical issues. Expert authors Ruth Purtlio and Regina Doherty outline a unique 6-step decision-making process as a guide to making effective choices that lead to a professional and caring response to patients. They also suggest practical approaches to commonly encountered ethical issues such as confidentiality, informed consent, information sharing, and end-of-life care. With this book, you will develop the skills you need to recognize, understand, and resolve ethical problems. Unique! 6-step process of ethical decision-making provides an organizing framework for the steps to take in arriving at an ethical decision. Step 1: Gather relevant information Step 2: Identify the type of ethical problem Step 3: Analyze the problem using ethics theories or approaches Step 4: Explore the practical alternatives Step 5: Act Step 6: Evaluate the process and outcome Patient stories begin each chapter with an ethical dilemma and frame the rest of the chapter, tying abstract principles to real-life situations and demonstrating the ethical decision-making process for each story. Content on end-of-life care shows how to develop a caring response toward dying patients and identifies basic ethical concepts applying to patients with life-threatening conditions. Unique! More than 100 Reflection boxes indicate important concepts and include space to jot down thoughts. HIPAA and patient confidentiality information covers current laws and addresses what types of information are appropriate and inappropriate to include in the patient's medical record. Questions for thought and discussion help you apply the ethical decision-making process to different situations. Unique! Over 80 summary boxes offer a quick review of the important information in each section. Unique! New coverage of biotechnology addresses the professional's role relating to environmental responsibility and the ecological costs of various health care interventions. Unique! New content on the intersection of technology and ethics describes the impact of advances in medical technology in rehabilitative care, and helps you face difficult conversations where you must offer hope while presenting realistic outcomes. Unique! New content on terrorism and disaster planning describes the ethical dilemmas professionals face in preventing terrorism and planning for disasters. New topics on the ethical decision-making process include the concepts of care, distinguishing ethical reasoning as a distinct part of your clinical reasoning and professional judgment, and attention to caregivers. New coauthor Regina Doherty, an occupational therapist, adds expertise and an OT perspective.

Values and Ethics in Counselling and Psychotherapy

Gillian M. Proctor 2014-04-01

This book offers an introduction to values and ethics in counselling and psychotherapy, helping you to develop the ethical awareness needed throughout the counselling process. The book covers: - Context and emergence of ethics in counselling - Exercises to explore personal and professional values - Tools to develop ethical mindfulness - Differences between therapeutic models - Relational ethics - Ethical dilemmas and issues - Practice issues including confidentiality, boundaries and autonomy versus beneficence. Using in-depth case studies of counselling students, the author demonstrates the constant relevance of values and ethics to counselling and psychotherapy, equipping trainees with the tools to successfully navigate values and ethics in their professional practice.

Talking About Ethics

Michael S. Jones 2021-02-23

An accessible introduction to ethics through engaging dialogues Talking About Ethics provides the reader with all of the tools necessary to develop a coherent approach to ethical decision making. Using the tools of ethical theory, the authors show how these theories play out in relation to a wide variety of ethical questions using an accessible dialogue format. The chapters follow three college students as they discuss today's most important ethical issues with their families and friends, including: • Immigration • Capital punishment • Legalization of narcotics • Abortion • Premarital sex • Reproductive technologies • Gender identity • The environment, and many more The engaging dialogue format illustrates how these topics often take shape in the real world, and model critical thinking and Christian ethical decision making. Study aids in each chapter include overviews, sidebars, reflection questions, glossaries, and recommended reading. Ideal as a textbook for undergraduate ethics courses, it is also accessible enough for high school classes and personal study.

Managing Business Ethics

Alfred A. Marcus 2019-12-19

Managing Business Ethics: Making Ethical Decisions teaches students how to navigate ethical issues they will encounter using the weight-of-reasons approach applied throughout the book. This decision-making framework's goal is not to faithfully apply particular philosophical perspectives on what is right, but rather to solve ethical problems. Authors Alfred A. Marcus and Timothy J. Hargrave underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual, organizational, and stakeholder levels. Each chapter provides a case to walk through application of the framework and mini-cases allow students to practice applying this framework on their own. A wide range of real-world case studies are presented, featuring companies such as Facebook, Google, Wells Fargo, Volkswagen, and Amazon. This practical, down-to-earth text also delves into topics not covered extensively by other books such as slow and fast thinking, the inherent conflict between the individual and organization, conformity, and the difficulties of speaking truth to power. Students are offered ample opportunity to engage in thoughtful reflection, discussion, and application as they grapple with ethical issues big and small.

Ethics For Dummies

Christopher Panza 2010-04-29

An easy-to-grasp guide to addressing the principles of ethics and applying them to daily life How do you define “good” versus “evil”? Do you know the difference between moral “truth” and moral relativity? Whether or not you know Aristotle from Hume, Ethics For Dummies will get you comfortable with the centuries-old study of ethical philosophy quickly and effectively! Ethics For Dummies is a practical, friendly guide that takes the headache out of the often-confusing subject of ethics. In plain English, it examines the controversial facets of ethical thought, explores the problem of evil, demystifies the writings and theories of such great thinkers through the ages as Aristotle, Confucius, Descartes, Kant, Nietzsche, and so much more. Provides the tools to tackle and understand today's important questions and ethical dilemmas Shows you how to apply the concepts and theories of ethical philosophy to your everyday life Other title by Panza: Existentialism For Dummies Whether you’re currently enrolled in an ethics course or are interested in living a good life but are vexed with ethical complexities, Ethics For Dummies has you covered!
**Ethics in Action**-Jane McLachlan 2009-02-27 This reader-friendly and interactive text offers a combination of ethical theory and practical application in the form of discussions and exercises geared to the major social and global ethical issues facing Canadians today. It encourages self-reflection by asking questions and leaving space for answers within the text, and through worksheets for you to fill out.

**Moral Choices**-Scott B. Rae 2000 This Christian introduction to ethics familiarizes both seminary and secular university students with basic processes of ethical decision making. This text, updated with a new chapter, tackles the ethical issues involved in genetic technologies.

**Looseleaf for Thinking Critically About Ethical Issues**-Vincent Ryan Ruggiero 2019-02-05 Thinking Critically About Ethical Issues encourages students to reason out for themselves the best answers to moral problems, rather than providing neat answers for students to swallow and regurgitate. Striking a balance between the theoretical and the practical, Ruggiero's text discusses the history of ethics, but its focus is on doing ethics to promote the development of critical thinking skills and to help students acquire confidence in their own judgement. The short chapter length allows students to spend less time reading and more time doing ethical analysis.

**Ethical Decision-Making**-Patricia A. Mitchell 2019-07-29 This text provides a unique collection of case studies across a wide range of organizations (higher education, K-12 education, military, state and local government administration, non-profit institutions, and agency management, etc.). These cases examine ethical decision-making and organizational and leadership behavioral concepts that are practiced in these organizations. The cases cover topics facing our workforce today and ask the reader to solve the dilemma. Through a discussion of these cases, students apply decision making and organizational and leadership strategies to analyze each case and therefore gain a better understanding of how to effectively lead and manage within their organizations. This text challenges students to think critically and analytically. Students are encouraged to reflect on options a practitioner could use to solve the problem. All of the cases end with an open scenario and a set of questions, allowing students to offer a wide range of opinions and participate in reflective and robust discussions.

**Brooks/Cole Empowerment Series: Ethical Decisions for Social Work Practice**-Ralph Dolgoff 2012-07-24 Part of the Brooks/Cole Empowerment Series, this ninth edition integrates the core competencies and practice behaviors outlined in the 2008 Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). This classic text helps students recognize ethical issues and dilemmas, reason carefully about ethical issues, clarify their ethical aspirations at the level demanded by the profession, and achieve a more ethical stance in their practice. It places ethical decision making within the context of professional ethics and provides useful guidelines, including two ethical screens to help social work practitioners identify priorities among competing ethical obligations. Developed specifically for social workers, it features numerous case-like exemplars based on real-world practice, drawn from a variety of social work settings. This comprehensive and uniquely focused text is equally effective as a core resource for social work ethics courses, or as a valuable supplement within introductory, practice, or practicum courses. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Introduction to Philosophy**-Beau Branson 2021-07 Where did the universe come from? Is life a result of chance, or design? If God is loving and all-powerful, why does evil still exist? Is religious belief just a byproduct of undirected evolutionary processes? Or did God make sure humans would evolve in such a way to believe? Are philosophers closed-minded about religion? And why is so much of philosophy of religion about God but not about gods? Introduction to Philosophy: Philosophy of Religion introduces students to some of the major traditional arguments for and against the existence of God. It also includes discussions of some less well-known, but thought-provoking arguments for the existence of God, and one of the most important new challenges to religious belief from the Cognitive Science of Religion. An introductory chapter traces the deep interconnections between philosophy and religion throughout Western history, and a final chapter considers what place there is for non-Western and non-monotheistic religions within contemporary philosophy of religion. Whatever your religious beliefs or lack of beliefs—we think you will find many of the arguments in this book fascinating to think about, and useful starting points for deeper philosophical discussions.

**The Noble Edge**-Christopher Gilbert 2021-08-10 A practical and humorous guide to understanding that there’s no right way to do the wrong thing.

**Ethical Dilemmas in Psychotherapy**-Samuel Knapp 2015 New and experienced psychotherapists alike can find themselves overwhelmed by an ethical quandary where there doesn’t seem to be an easy solution. This book presents positive ethics as a means to overcome such ethical challenges. The positive approach focuses on not just avoiding negative consequences, but reaching the best possible outcomes for both the psychotherapist and the client. The authors outline a clear decision-making process that is based on three practical strategies: the ethics acculturation model to help therapists incorporate personal ethics into their professional roles, the quality enhancement model for dealing with high-risk patients who are potentially harmful, and ethical choice-making strategies to make the most ethical decision in a situation where two ethical principles conflict. Throughout the decision-making process, psychotherapists are encouraged to follow four basic guidelines: Focus on overarching ethical principles Consider intuitive, emotional, and other nonrational factors Accept that some problems have elusive solutions Solicit input from colleagues and consultation groups Numerous vignettes illustrate how to apply positive ethics to many different ethical challenges that psychotherapists will likely encounter in practice.
Practical Ethics for Psychologists—Samuel J. Knapp 2017 “Truly ethical behavior requires more than simply avoiding action by a disciplinary body. For psychologists, behaving ethically is a positive goal that involves striving to reach our highest ethical ideals. Guided by APA’s Ethical Principles of Psychologists and Code of Conduct, Knapp, VandeCreek, and Fingerhut provide short sketches illustrating the standards that psychologists must follow, and show how psychologists can actualize their personal values and ethical acumen in their daily work. The authors discuss a variety of ethically tricky areas for psychologists, including patient confidentiality, inappropriate relationships with patients, financial issues, informed consent, and forensic and legal issues. Readers will learn how to attend to their emotional well-being, how to use risk-reduction strategies as well as a five-step decision-making model for difficult ethical quandaries, and how to base their professional conduct on overarching ethical values. This third edition of Practical Ethics for Psychologists includes new findings on the science of morality and on working with morally diverse clients, and ethical issues regarding the use of social media and other online communications.”—Preface. (PsycINFO Database Record (c) 2017 APA, all rights reserved).

Code of Ethics for Nurses with Interpretive Statements—American Nurses Association 2001-01-01 Pamphlet is a succinct statement of the ethical obligations and duties of individuals who enter the nursing profession, the profession’s nonnegotiable ethical standard, and an expression of nursing’s own understanding of its commitment to society. Provides a framework for nurses to use in ethical analysis and decision-making.

Ethics and Engineering—Behnam Taebi 2021-05-27 This book focuses on the ethical issues in engineering that have to do with assessment, design, sustainability and globalization.

The Moral Landscape—Sam Harris 2011-09-13 Calls for an end to religion’s role in dictating morality, demonstrating how the scientific community’s understandings about the human brain may enable the establishment of secular codes of behavior.

Society’s Choices—Institute of Medicine 1995-03-27 Breakthroughs in biomedicine often lead to new life-giving treatments but may also raise troubling, even life-and-death, quandaries. Society’s Choices discusses ways for people to handle today’s bioethics issues in the context of America’s unique history and culture—and from the perspectives of various interest groups. The book explores how Americans have grappled with specific aspects of bioethics through commission deliberations, programs by organizations, and other mechanisms and identifies criteria for evaluating the outcomes of these efforts. The committee offers recommendations on the role of government and professional societies, the function of commissions and institutional review boards, and bioethics in health professional education and research. The volume includes a series of 12 superb background papers on public moral discourse, mechanisms for handling social and ethical dilemmas, and other specific areas of controversy by well-known experts Ronald Bayer, Martin Benjamin, Dan W. Brock, Baruch A. Brody, H. Alta Charo, Lawrence Gostin, Bradford H. Gray, Kahi E. Hanna, Elizabeth Heitman, Thomas Nagel, Steven Shapin, and Charles M. Sweeney.

Ethical Decision Making for the 21st Century Counselor—Donna S. Sheperis 2015-09-16 Ethical practice is an essential aspect of counselor training. In order for counselors to competently work with clients, they must be well versed in ethical codes, ethical decision making, and legal issues impacting the profession. Ethical Decision Making for the 21st Century Counselor provides the fundamentals of ethical practice, with emphasis on ethical decision making and is structured to facilitate the development of these skills. Authors Donna S. Sheperis, Stacy L. Henning, and Michael M. Kocet move the reader through a developmental process of understanding and applying ethical decision making. Individuals will be able to incorporate ethical practice into their understanding of the counseling process and integrate ethical decision making models into their counseling practice. This unique approach differs from existing texts because of its strong emphasis on practical decision making and focus on understanding the process of applying a standard ethical decision model to any ethical scenario. Students build a foundation in how to evaluate an ethical situation and feel confident that they have applied a set of decision models to reach the best decision.

The Ethical Line—Toni Faddis 2019-05-22 Be the leader your school community needs. The responsibilities of today’s school leaders—providing a world-class education while serving as the moral compass of diverse communities—requires deep insight and understanding of communities, cultures and integrity. In this book, real-life vignettes, mental exercises, reflections, checklists, and other templates provide you with practical strategies to: Understand how ethical standards and core values drive your leadership choices Approach problems through the lenses of equity, ethical standards, and your own moral compass Recognize when urgent action is called for and when it’s better to methodically consider your actions and their consequences

A Little Life—Hanya Yanagihara 2015-03-10 NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s new novel, To Paradise, coming in January 2022.
Nothing is more integral to democracy than voting. Most people believe that every citizen has the civic duty or moral obligation to vote, that any sincere vote is morally acceptable, and that buying, selling, or trading votes is inherently wrong. In this provocative book, Jason Brennan challenges our fundamental assumptions about voting, revealing why it is not a duty for most citizens—in fact, he argues, many people owe it to the rest of us not to vote. Bad choices at the polls can result in unjust laws, needless wars, and calamitous economic policies. Brennan shows why voters have duties to.
